It seems like Democrats are racing against the clock to impeach Trump over a nothing burger in Ukraine.

They seem fully willing to sacrifice Joe Biden to do it.

Why would they do that?

It seems that they want to fully control the Ukraine narrative before the whole truth comes out, because Joe Biden is not the only key Democrat that has some explaining to do about Ukraine dealings.

*Corruption runs deep in the Deep State! No wonder the Democrat House wants to get rid of President Trump now. Speaker Pelosi and Democrat Rep. Adam Schiff are both connected to a Ukrainian arms dealer. This is why they lie in front of the nation. They are afraid of their own deeds being uncovered!*

*As reported this morning, Adam Schiff leads the House Intelligence Committee and this past week he oversaw the Intel Committee where he attempted to align President Trump with some 'trumped' up allegations concerning his phone call with the President of the Ukraine.*

***Schiff lied in his opening remarks and claimed numerous falsehoods about the President's call in spite of the transcript being provided the day before.***

*His entire description of the President's call was a lie – we have the transcript and this was not in it!*

with an arms dealer from Ukraine.

If they can somehow save Biden, that would be a bonus but not a priority.

This story needs to be spread far and wide so that the American people can see the REAL indiscretions of those leading this witch hunt.

My oh my, How an entangled web we weave when we practice to deceive! Trump should not have to lift a finger to "Drain The Swamp"? Democrats are doing such a fine job screwing themselves. I know they won't step down on their own due to the embarrassment, but they should be thrown out on their damn heads!

The more dirt that Pelosi and the scumbag DemocRats fling at Trump, the more of it that misses him and lands on them! At this rate, their dirty laundry is going to be the only thing the public sees and Trump won't even be anywhere on the screen!
